Sannette Boshoff.

Sannette's painting is an original painting in mixed media on canvas, 30"x 40" (75cm x 100cm). Sannette introduced a number of different mediums, including acrylic texture paste and burn dressing, to the painting to create textures.

The subject is the well-known bighorn sheep. It is thought that wild sheep crossed the Bering land bridge from Siberia into Alaska during the Pleistocene (about 750,000 years ago) and subsequently spread through western North America as far south as Baja California and northwestern mainland Mexico. The population in North America peaked in the millions, but by 1900, the population had crashed to several thousand, due to diseases introduced through European livestock and overhunting.

This is a rare opportunity to purchase an original painting from an up and coming artist!

Minnesota Over the Counter/Statewide Big Bear Specialist

Minnesota's Big Bear Specialist. This is a Giant Minnesota Black Bear hunt with over-the-counter license/ no drawing necessary! North America's best big bear opportunity! Hunt Giant Bears with Tim Kresel who has personally harvested more big bears than any other hunter in North America, DIY/Solo! What's his secret? Tim has a highly guarded secret system to beat big, smart bears which he has developed over a 25-year obsession. Numerous

guides and hunters claim that it is not possible for a hunter to harvest a big bear every year. Tim has proven them all wrong year after year by harvesting 15 big bears between 400 and nearly 700 pounds plus many more between 300 and 400 pounds. Tim also has videotaped and or witnessed hundreds more. All in the state of Minnesota! Now for the first time Tim is offering a limited number of hunts to hardcore big bear hunters. He is NOT a 150-pound bear factory. He is a BIG BEAR SPECIALIST!

This donation is for a black bear hunt in northern Minnesota for one hunter and one non-hunter. Tim Kresel has been very successful at guiding his clients to some GIANT bears! Most are black phase, but he typically gets 10% - 20% chocolate phase.

Guns, bows or crossbows can be used on this hunt. The hunt is seven days, but most hunters harvest a bear in one to three days depending on weather. Permitted license hunts are also available with generally only a two year wait to draw. Winning bidders will be advised which area's you will hunt or which permit zones to apply in.

The deadline for Minnesota bear applications is May 1, 2023.

The Minnesota black bear season runs from September 1st thru Oct 15th 2023. This hunt can be taken during those dates or in a similar time frame in 2024 or beyond.

This hunt can be upgraded to take one bear in the permit areas and one bear in the no-quota zone, depending on availability. Lodging will be in local motels or campgrounds at the hunter's expense. Arrival and departure point may vary depending on natural foods.

Thormahlen & Cochran Safaris

South African Hunting Valid for 2023

Donor, exhibitor, Peter Thormahlen of Thormahlen & Cochran Safaris, has donated a fantastic 7 day hunting safari for one hunter and one observer and the following trophies: 1 Blesbuck or Impala, and 1 Blue Wildebeest or Gemsbuck (depending on area to be hunted.)

We hunt in Government Game Reserves, which allow us to hunt in free range style. The areas are huge, not overhunted and incredibly beautiful. T&C provides exclusive hunting lodges with spacious bedrooms and fully equipped bathrooms, excellent cuisine, hearty breakfasts, 4x4 Land Cruiser hunting cars, highly trained trackers, skimmers, and professional hunters. Besides the outstanding concessions, the Kruger National Park and scenic Panorama Route are close by to add a few touring days. This is a perfect destination if you are looking for something different in South Africa.

Yukon Big Game Outfitters **Yukon Grizzly Bear Hunt**

This 8-day Mountain Grizzly Bear hunt donation is to be taken in 2023,2024, or 2025 see outfitter for dates; it can be taken as a spring trip from May to June or fall trip August to September in either year.

Jet boats and Argos are used in the spring; hunting the river systems and high plateaus, during the fall hunts we use Argos and horse to hunt the same plateaus and hunt from boats over our gut piles from moose previously taken on prior hunts.

Fall trips will require a charter flight into and out of the hunting area for \$2,900.00 (springtime charter is often not needed as access points are assessable by pick up). Grizzly's range to 6 to 8 feet and outfitters harvest an average of 8 bears each season. Hunts are scouted and supported by the outfitter with his super club in the fall season, while on spring hunts often the outfitter guides the client, Yukon Big game outfitters has done well harvesting and has had no shortage of grizzly tags. Outfitter has grown up hunting this country and knows it well he has a long-standing reputation in the area and the business.

NRHPF \$335.00, \$260.00 tags, and license government harvest fees \$500.00 male \$750.00 female grizzly.
