Original oils on canvas. "King of the Jungle"

Dawie's formal background is in nature conservation, and he had the privilege of working with lions. Over the years he got to know a lot more about lions than most people ever will. Living a private nature reserve next to the Kruger Park he is also very familiar with buffalo. The narrative in the painting speaks for itself. Lions will often, in an almost arrogant way, casually stroll past their prey animals. It sometimes appears like lions will do this to intimidate the buffaloes (or maybe it's just plain arrogance?). Buffalo, apart from knowing that the lions are their enemy, will also sometimes advance on the lion (or lions) simply driven by curiosity.

This is a rather serious painting. It is done in oils. Size is roughly 40" x 48"

Brian's Saturday night Auction Donation.

Brian Jarvi's career has spanned more than a quarter century and he has received numerous honors and awards during that time, including twice being named Safari Club International's Artist of the Year, and more recently receiving the prestigious "Award of Excellence" for the second time. His work has raised millions of dollars for numerous conservation organizations, and his concerns run deep for the future of the natural world. His passion for the flora and fauna of Africa has beckoned him on over 13 safaris and consequently the wildlife of the Dark Continent has gradually come to dominate his works. The universal appeal of the great iconic species he paints has created a broad international audience for his work, and he is now considered one of the World's premiere painters of Africa's Wilds.

Value: \$16,000.00

Lake AntlerWorks Custom Table

Joe and Laurel Lake, just back from being a huge hit at the National convention, have generously donated a beautiful coffee table created from wood from the raintree, also called monkey pod. It is an exotic hardwood native to South America and Central America. The extreme grain figures and swirls make it an exceptionally beautiful wood. The large crevice resembles a canyon and the concentric circles resemble the eyes of an owl; these characteristics give it the namesake "Owl Canyon." Three mature elk antlers arranged in a crown hold this elegant wood. This piece captures attention while bringing the natural world inside.

Joe Lake and his wife Laurel are the team behind Lake AntlerWorks. Joe's background in welding and fabrication gives him the knowledge and skill to construct sturdy pieces. Joe is creatively inventive in his work, combining form and function with art. Joe and Laurel love being able to create beautiful pieces with natural materials from God's creation.

The value is \$8,500

Mike Popp's Nature Adventures Idaho Mountain Lion Hunt

6-DAY / 5-NIGHT HUNT PACKAGE FOR THE "PREDATOR 4-PACK" (MOUNTAIN LION, WOLF, BOBCAT AND COYOTE) IN CENTRAL IDAHO FOR ONE HUNTER DURING THE HUNTING SEASONS OF 2024 or 2025.

The trophies included are Mountain Lion, Wolf, Bobcat and Coyote. More than 24 members of the Lake Superior Chapter have successfully hunted with Mike, our 2018 North American Outfitter of the Year.

Transportation during this hunt will be on foot, ATV, and Snowmobile. A professional guide will assist the hunter each day of the hunt. Trophy preparation and skinning are included in the hunt package. Hunter is responsible for the costs of transporting the trophy to the shipper. Weapons for this hunt are rifle, handgun, bow, crossbow, or muzzleloader. Weapon permits are not required. A non-resident hunting license and permit fees for the mountain lion and wolf tags are required and are not included in the hunt package.

Minnesota Over the Counter/Statewide Big Bear Specialist

Minnesota's Big Bear Specialist. This is a Giant Minnesota Black Bear hunt with over-the-counter license/ no drawing necessary! North America's best big bear opportunity! Hunt Giant Bears with Tim Kresel who has personally harvested more big bears than any other hunter in North America, DIY/Solo! What's his secret? Tim has a highly guarded secret system to beat big, smart bears which he has developed over a 25 year obsession. Numerous guides and hunters claim that it is not possible for a hunter to harvest a big bear every year. Tim has proven them all wrong year after year by harvesting 15 big bears between 400 and nearly 700 pounds plus many more between 300 and 400 pounds. Tim also has videotaped and or witnessed hundreds more. All in the state of Minnesota! Now for the first time Tim is offering a limited number of hunts to hardcore big bear hunters. He is NOT a 150 pound bear factory. He is a BIG BEAR SPECIALIST!

This donation is for a black bear hunt in northern Minnesota for one hunter and one non-hunter. Tim Kresel has been very successful at guiding his clients to some GIANT bears! Most are black phase but he typically gets 10% - 20% chocolate phase.

Guns, bows or crossbows can be used on this hunt. The hunt is seven days but most hunters harvest a bear in one to three days depending on weather. Permitted license hunts are also available with generally only a two year wait to draw. Winning bidders will be advised which area's you will hunt or which permit zones to apply in.

The deadline for Minnesota bear applications is May 1, 2023 .

The Minnesota black bear season runs from September 1st thru Oct 15th 2023. This hunt can be taken during those dates or in a similar time frame in 2024 or beyond.

This hunt can be upgraded to take one bear in the permit areas and one bear in the no-quota zone, depending on availability. Lodging will be in local motels or campgrounds at the hunter's expense. Arrival and departure point may vary depending on natural foods.

Namibia Leopard Hunt

Errens van der Merwe of Dammab Hunting Safaris has donated an exciting 14-day leopard hunt. The hunt will take place in the Khomas Highlands of Namibia. This trophy is fully exportable at this time. You don't want to pass up this opportunity!

Transportation to and from Windhoek Airport is included. This hunt must take place in 2023. If unsuccessful, you may return for a second hunt in 2023, as this is when the CITES permit is valid. Also included is the hunting vehicle, PH, tracker, skinner, tax on the leopard hunt and pre-baiting. You may also hunt other animals at the published trophy fee, and they may be used for bait.

Additional hunters and non-hunters are not permitted to be added to this hunt. Rifles are available for a nominal cost, or bring your own. Dammab will assist with rifle permits if necessary.

What an awesome opportunity for a Leopard!
